UPDATE 12 Mar 2025

This is a semi-backpacking trip that we will use **public transport** i.e. trains, subways, buses and taxis to move about. Cost of private transport is prohibitive and one also has to contend with bad traffic jams. Therefore it's essential that participants pack light and preferably use backpacks or small trolley bag (20-22"). This is most definitely not the "touch-n-go" Korea 4-8 days tours. Its for people who like to travel like locals, taking local transportations and stay in local accommodations. Tour leader is living in Korea for over 20 years. His in-depth knowledge of cities and country-side made this itinerary uncommon and travel experience unparalleled. OPTION for JEJU extension 4D3N min 4pax. Autumn in South Korea, with its mild temperatures and gentle breezes, is a perfect time to travel. There are plenty of spots to enjoy the beauty of autumn with its surrounding foliage burst with magical colours of red, orange, yellow and more. This itinerary takes you in and around Seoul (3 days), then guides you to venture out into the countryside to taste the stunning beauty of South Korea's autumn. Savouring East Coast fishing town of Sokcho to famous Soreaksan National Park. The highlights include a stay in UNESCO heritage site of Hahoe Folk Village, and tour of Gyeongju, another UNESCO ancient city. Before fly home, Busan is the perfect place to shop in addition to its beautiful natural coastline.

IMPORTANT NOTICE This is meant to be a "free and easy" adventure trip. Participants should be relatively fit, with a good sense of humour, and above all, have the right attitude or close travel with others through possibly some trying times. Most definitely, this is not a trip for prudes, whiners, fuss-pots, and other similarly assorted types! We had a couple of those before and it wasn't pleasant for us or them. Although every effort will be made to stick to the given itinerary, ground conditions may change and cause some disruption and/or deviation from the norm. Otherwise, have fun.
